**It is in South Africa, in the heart of the Stellenbosch Valley, that the trophy for the Best Cabernet of the World is taken.**

The South-African Cabernet Sauvignon « GS » made by David Finalyson Wines won over the Grand Jury composed of professional sommeliere and Meilleurs Ouvriers de France Sommeliere

“The heavy bottle, massive as a medieval castle, bodes well for a wine that is worth the wait.

Nobility, of course. Yet also a youthfulness revealed by the purple reflections in its robe. Initial coffee and chocolate notes signal a certain ardour, and are a sign of the wine’s noble ageing.

In the mouth we recognise the tannins only hinted at in the first nose. The tannins are there: softened, not excessive, just asking to take their time, in the shelter of their castle. Just-budding strawberry jelly and menthol flavours are slowly flowering.

Superb Cabernet Sauvignon with a magnificent aptitude for ageing.”

**Complete information on the wine can be found on the competition’s website:**

**Find them on social networks:**

**The Union de la Sommellerie Française, a very special partner!**

The Union de la Sommellerie Française (USDF) is partnering the Cabernets International Competition. This organisation brings together nearly 1200 sommeliere; it also awards the title of best ‘Sommelier of France’.

The savoir-faire of the Union’s members, and their perfect knowledge of consumers’ expectations, provide a further guarantee of the quality of the wines selected. The results of the selection are then communicated to USDF members.

**See all the medal winners from the 2021 edition on the results page of the Competition’s website!**
