It is in Europe that the trophy for the Best Cabernet of the World is taken.

The Cabernet Sauvignon « Angelayo » made by Don Angel Weine won over the Grand Jury composed of professional sommeliers and Meilleurs Ouvriers de France Sommeliers

“Magnificent deep red robe with orange reflections

Nose of slightly cooked red fruits. Mocha, brandy and tobacco notes. Very beautiful complexity with a length in the mouth that gives the wine its character.

Its roasted finish will go well with a slow-cooked beef stew or chuck roast.”

Complete information on the wine can be found on the competition's website:

The Union de la Sommellerie Française, a very special partner!

The Union de la Sommellerie Française (USDF) is partnering the Cabernets International Competition. This organisation brings together nearly 1200 sommeliers; it also awards the title of best 'Sommelier of France'.

The savoir-faire of the Union's members, and their perfect knowledge of consumers' expectations, provide a further guarantee of the quality of the wines selected. The results of the selection are then communicated to USDF members.

See all the medal winners from the 2023 edition on the results page of the Competition's website!
